

#MyWaterfront

Port Perry Waterfront *Action* Plan

EMERGING PREFERRED PLAN

November 24, 2020

+ Baird + TCI Management Consultants

Welcome to the Meeting

Some quick tips for a better meeting:

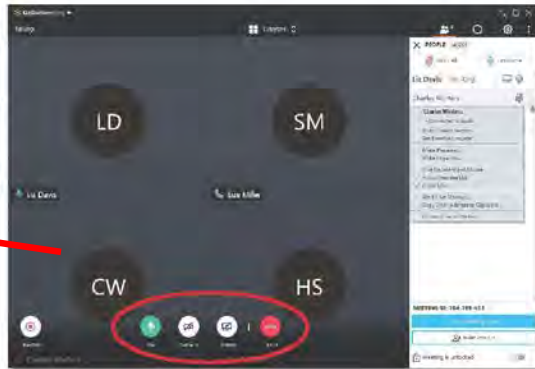

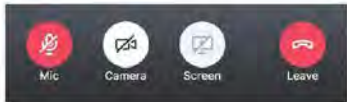

- Close other programs on your computer
- Take a minute to get familiar with the options / controls
- We will be recording the meeting and posting it to the project webpage on Scugog's Website

1. Turn your **Camera ON**
2. **Mute** Mic when not speaking

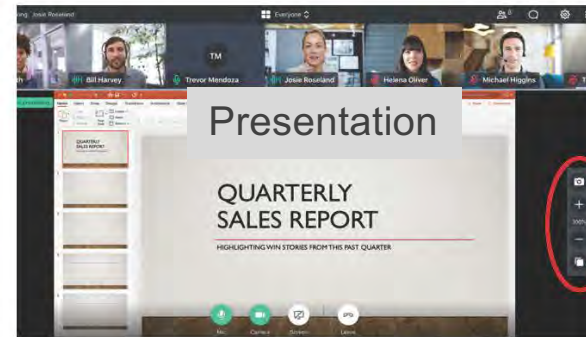

Control your audio using the Audio icon at the bottom of your Viewer, in the Attendee list, or Grab Tab.

Your Audio icon glows green when you are unmuted and red when you are muted.

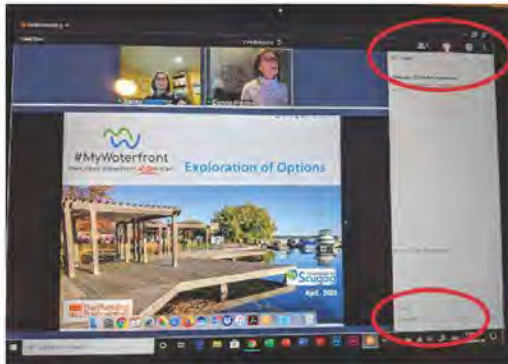

You can start and stop sharing your camera using the Camera icon in the Viewer or Control Panel.

3. Enlarge View of Screen being shared

To enlarge or shrink the image on the screen use the + and - icons on the right side of the screen.

The Viewer and Control Panel includes a Chat pane where you can exchange messages with other participants.

Use the Send To drop-down menu to select your recipients:

- Everyone - Send a message to all meeting attendees.
- Organizer(s) only - Send a message only to organizers and co-organizers.
- Specific attendee - Send a private message to just that person.

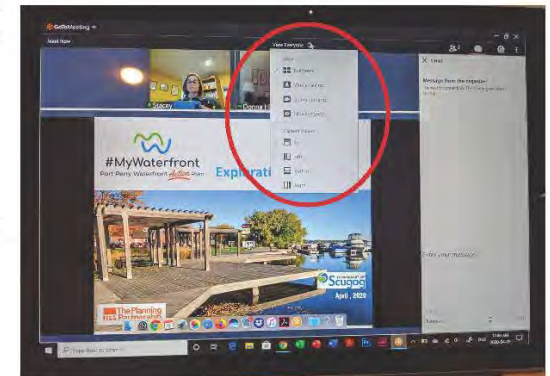

4. Chat – Send public or private message to organizer

Control how you see participants by clicking View Everyone and select how you View participants:

Everyone
Who's Talking
Active Cameras
Hide Everyone

The Camera Viewer can be located along the:

Top
Left
Right
Bottom

5. View Participants

Today's Workshop

A presentation on the emerging preferred Plan

Share your thoughts at the end of the presentation

Workshops are recorded and the chat box comments will be summarized for the 'What We Heard' report

Please be fair and respectful of other participants' time, try and be brief to allow the opportunity for all to share thoughts

Will summarize the key themes

We want to have an idea who's on the call in terms of age range, so please take a minute and put a 1, 2 or 3 in the chat box if you are:

18-30 years old – insert 1

31-50 years old – insert 2

Over 50 – insert 3

STUDY PURPOSE

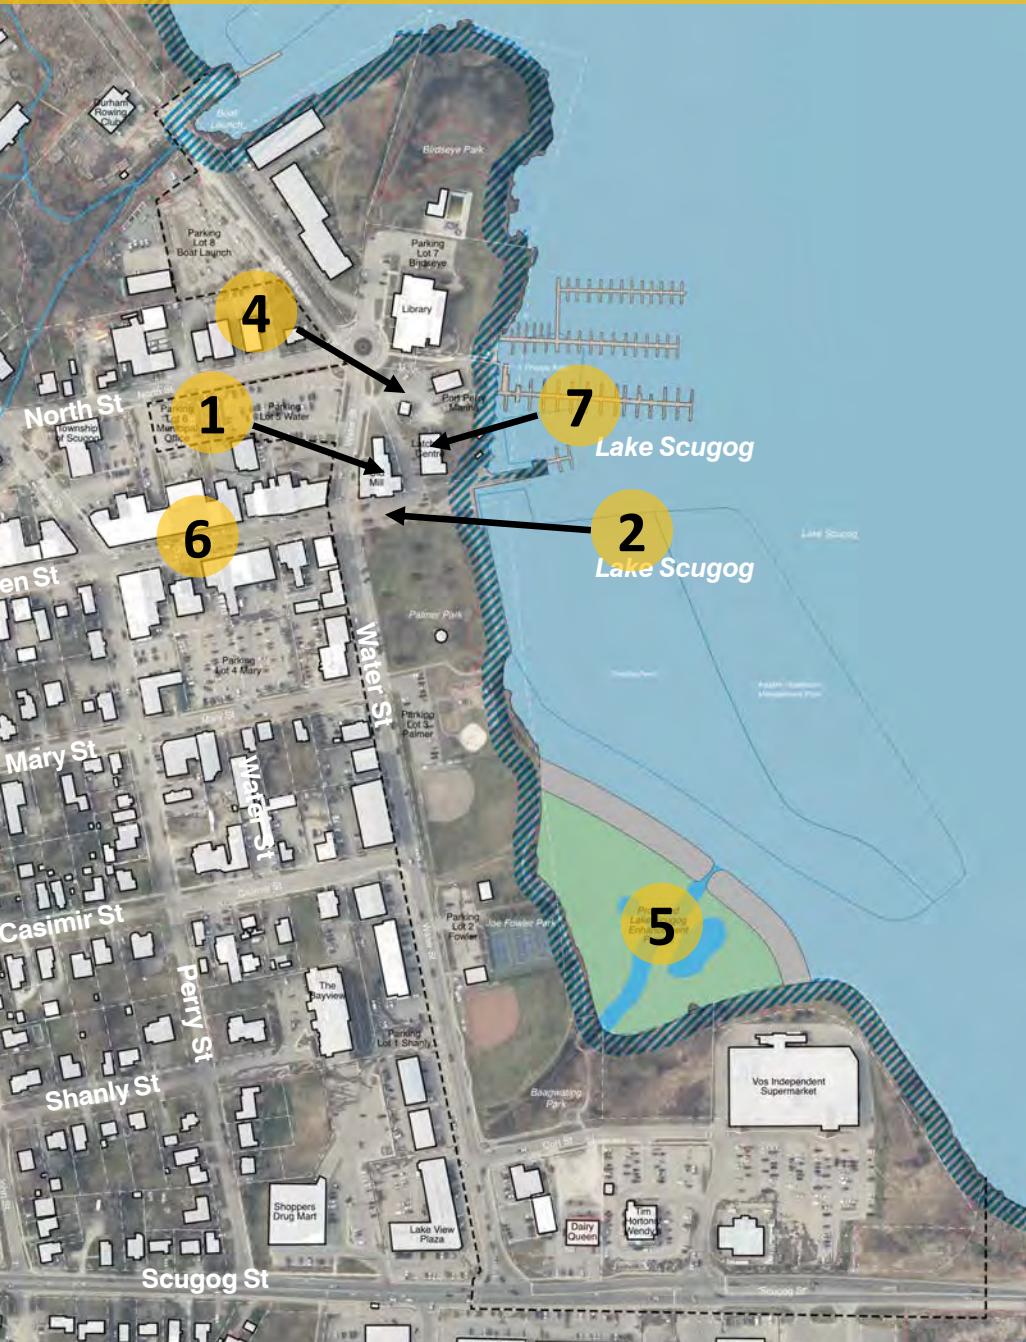

The Port Perry Waterfront Action Plan will:

- make recommendations for **short, medium and long-term actions**
- for **recreation, natural and cultural heritage features, economic development and tourism** on the waterfront,
- make sure that Port Perry continues to be a vibrant and thriving community for **residents and visitors alike.**

DIRECTIONS

All of the options were based on these “givens”

1. Maintain and repurpose the **Old Mill**
2. A new **urban square** at the foot of Queen Street
3. Identify a location for the **William Lishman** sculpture
4. Relocate the **pumping station**
5. Implement the Lake Scugog **Enhancement Project**
6. Integration with the Queen Street “**open streets**” project
7. Remove/relocate the **Latcham Centre** in the medium to long term

NORTH

- Birdseye Park with more recreation: pickle ball courts, skateboard park
- Marina remains in current location with the addition of a dedicated launch for canoes and kayaks
- New building for marina and public washrooms in urban square and close to the boat slips and Old Mill
- Seniors centre incorporated into new mixed use development at Water and North

SOUTH

- Maintain the ball diamonds and tennis courts with skating rink and possible bubble over tennis
- Expanded open space west of grocery store

NORTH

- New building for marina, senior's centre and public washrooms in Birdseye Park
- Marina relocated to north in Birdseye Park

SOUTH

- Maintain south ball diamond and tennis courts. North ball diamond relocated elsewhere in Port Perry.
- Palmer Park is a programmable open space which could include an outdoor theatre with stepped seating and a new pavilion for performances
- A new multi use area is created in Joe Fowler Park where the north ball diamond is relocated.
- Possible redevelopment in the south with buildings that front, face and feature the Lake

NORTH

- Two options are shown for a new building with the Seniors Centre and public washrooms: one location south of the library, with a marina use too
- Expanded urban square along the water's edge
- The marina is expanded to the north

SOUTH

- A second possible location for the Seniors Centre and public washrooms at the foot of Shanty Street
- New play facilities, splash pool, and multi use area In Joe Fowler Park.
- The area by the grocery store could potentially be redeveloped to front, face and feature the lake

EVALUATION

Many variables and inputs to the evaluation of the concepts
to determine a Preferred Action Plan

**Preferred
Action
Plan**

Public

Community
Groups

Township of
Scugog
Council

Township of
Scugog staff

Waterfront
Liaison
Committee

The Planning
Partnership
team

PUBLIC INPUT

Tremendous input was received through the on-line survey

May 13 to July 14, 2020

547 persons participated

16,300 data points
(responses, comments,
demographic etc)

Demographic

44%	live in Scugog
39%	live and work in Scugog
27%	live in Scugog and work outside of Scugog

2%	18 and under
3%	19-24
25%	25-40
33%	41-60
36%	61+

65%	Female
35%	Male

Household structure

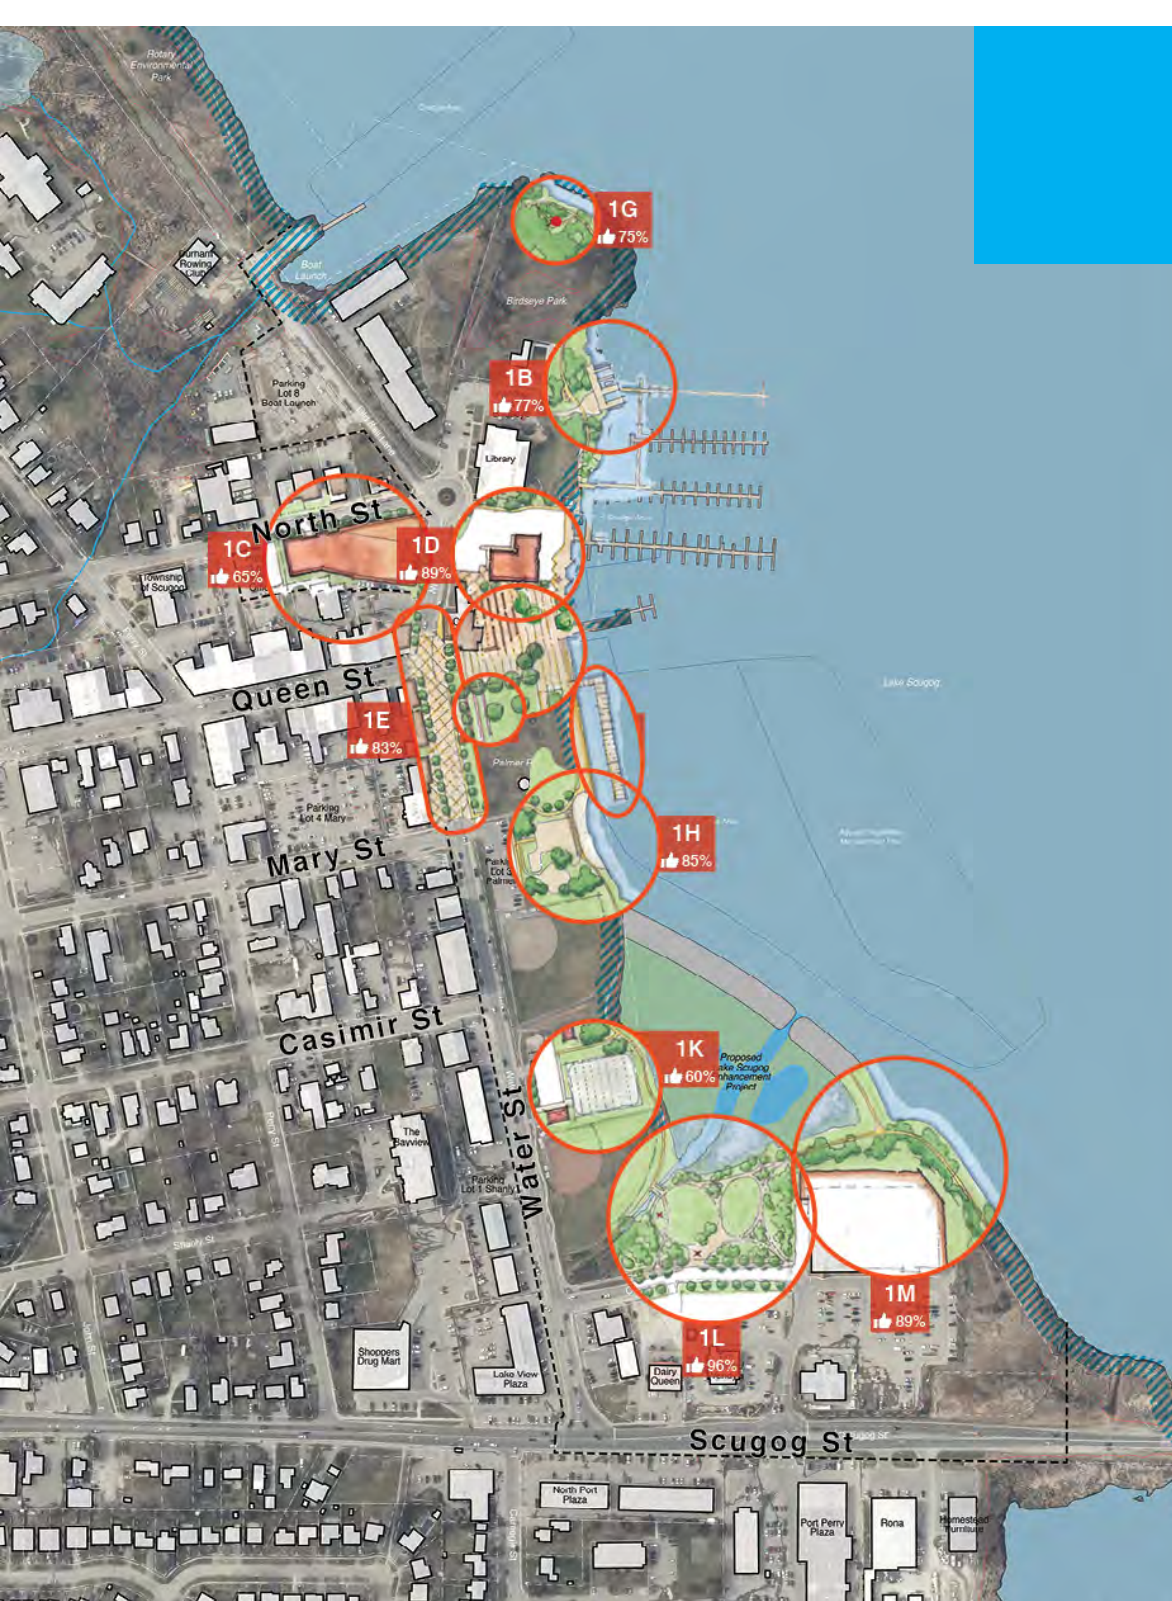

5%	young couple
11%	single
19%	family with teenagers
25%	family with young children
40%	empty nesters

1

PUBLIC INPUT Preferred Elements

Concept 1

- 1B** Docks and launch for small docks
- 1C** New mixed use development
- 1D** Location of new marina building and public washroom
- 1E** Queen Street and parts of Water Street closure for events
- 1G** William Lishman sculpture
- 1H** Maintain existing playground and splash pad
- 1K** Tennis courts remain with a bubble
- 1L** Open space with trail
- 1M** Additional tree planting to screen existing grocery store

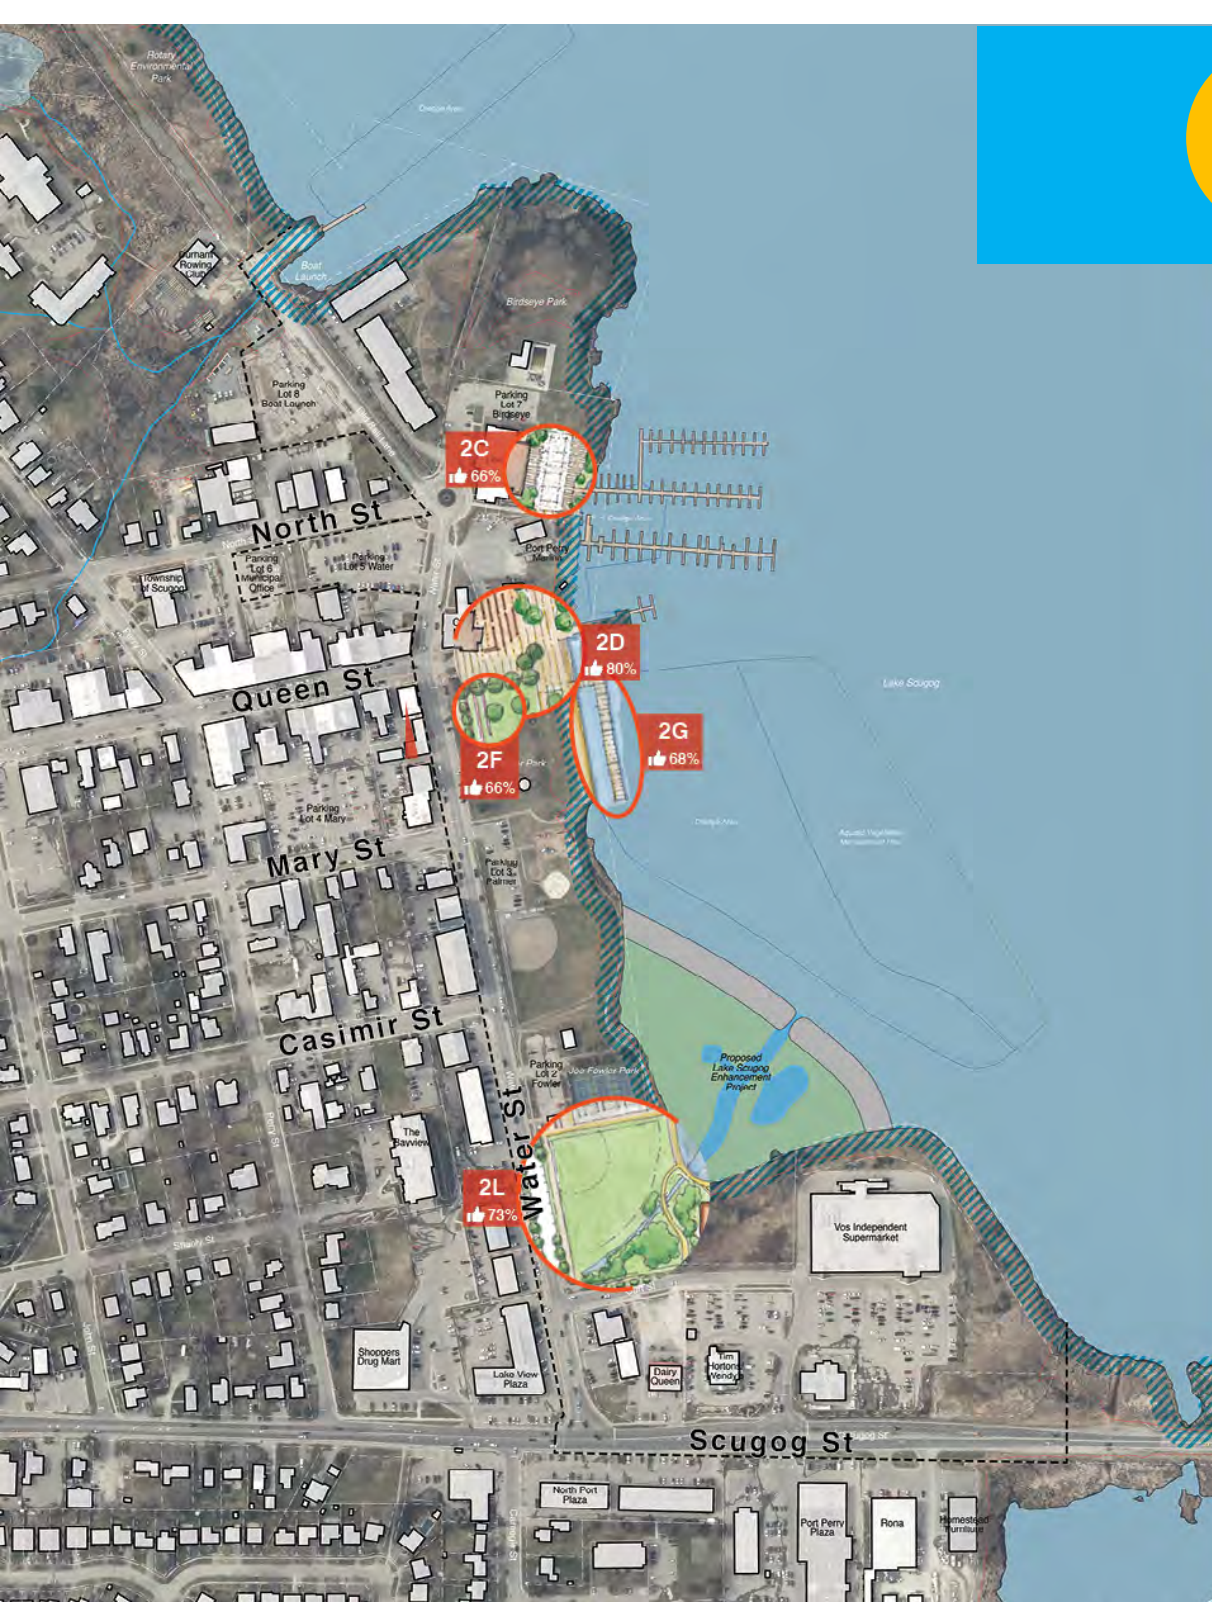

2

PUBLIC INPUT Preferred Elements

Concept 2

- 2C** Beach volleyball in front of the library
- 2D** Urban square at foot of Queen Street with some parking
- 2F** Outdoor theatre and stepped seating in Palmer Park
- 2G** New dock to tie up small boats
- 2L** South ball diamond remains

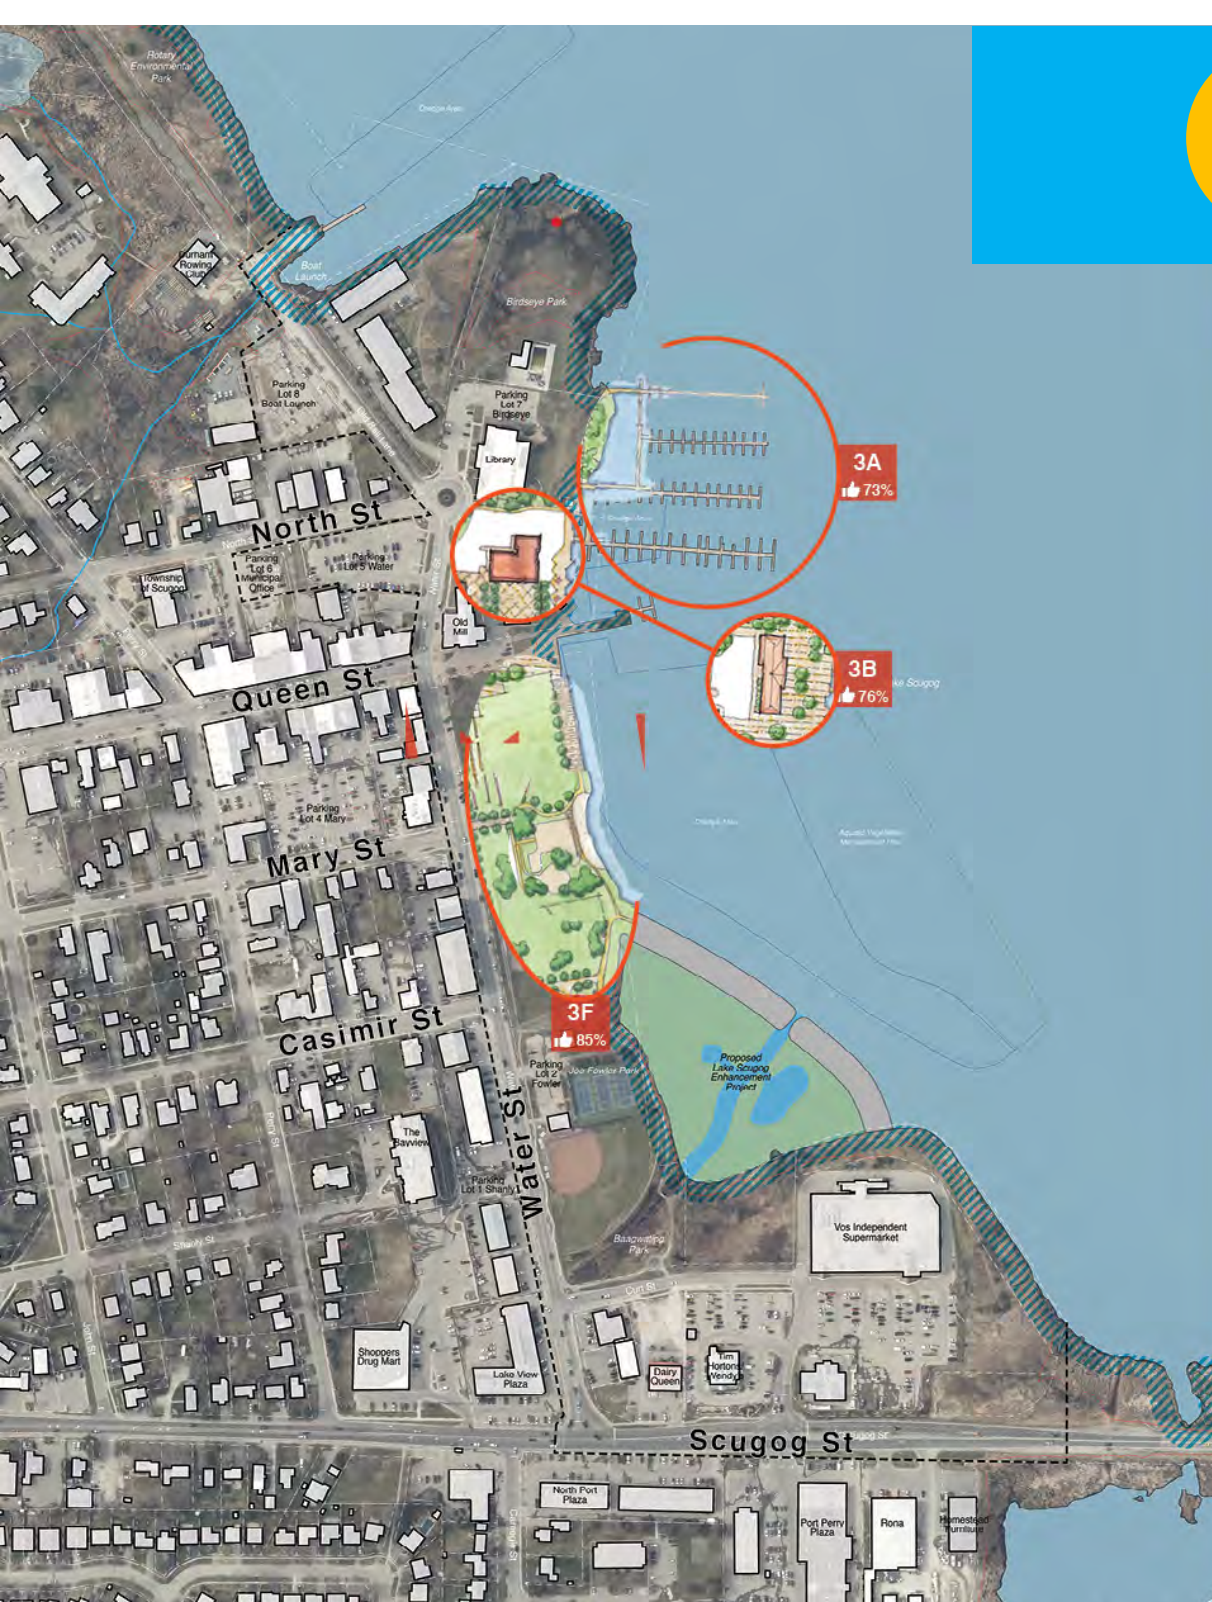

3

PUBLIC INPUT Preferred Elements

Concept 3

- 3A** Existing marina remains with expansion to the north
- 3B** New building for marina, seniors and public washrooms
- 3F** Gardens, lawn and trees in Palmer and Joe Fowler Parks

Waterfront Action Plan

Five Lenses

Recreation

- Balance of active and passive recreation
- Variety of active recreation for all ages and interests
- Distribution of open space
- Enhanced boating

Arts & Cultural Heritage

- Node for arts and culture

Natural Heritage & Hazards

- Shoreline restoration, Lake Scugog Enhancement Project

Circulation

- Linked trails for pedestrians and cycling
- On street and off street parking

Economic Development

- New mixed use development at Water and North with structure parking
- Café/restaurant in new marina building
- Long term redevelopment on Highway 7a
