Thursday, October 17, 2024

Intermittent Road Closures – Water Street Construction

Intermittent road closures are scheduled on Water Street between Monday, October 21 and November 1, 2024. Sections of Water Street between Queen Street and Scugog Street will be closed at times during this period for milling, pulverizing, grading and paving operations.

Vehicular access may be restricted or intermittent for certain periods, during which detour routes and signage will be in place. We appreciate your understanding and cooperation during this time.

All business will remain open on Water Street during this time.

While we strive to plan accurate schedules, any forecasted date can be subject to change due to weather conditions and other factors.

For more information, project updates and notices, please visit <https://my.scugog.ca/waterstreet>. Stay informed and check the website for project updates.

If you require further information or if you have any questions related to the project, please contact:
