Boardwalk

Palmer Park

Missing sidewalk on Water St

Baagwating Park

Circulation

Pedestrian Network

Rotary Environmental Park

A wide asphalt trail runs through Rotary Environmental Park connecting north to Canterbury Common.

Boardwalk

A boardwalk runs along the shoreline in front of the Port Perry Marina.

Palmer Park

A paved path runs close to the water's edge in Palmer Park, connecting south through Joe Fowler Park.

Baagwating Park

A trail runs along the north side of Curt Street, crossing a pedestrian bridge over the stormwater channel and connecting north to the trail through Joe Fowler Park.

Missing Sidewalk

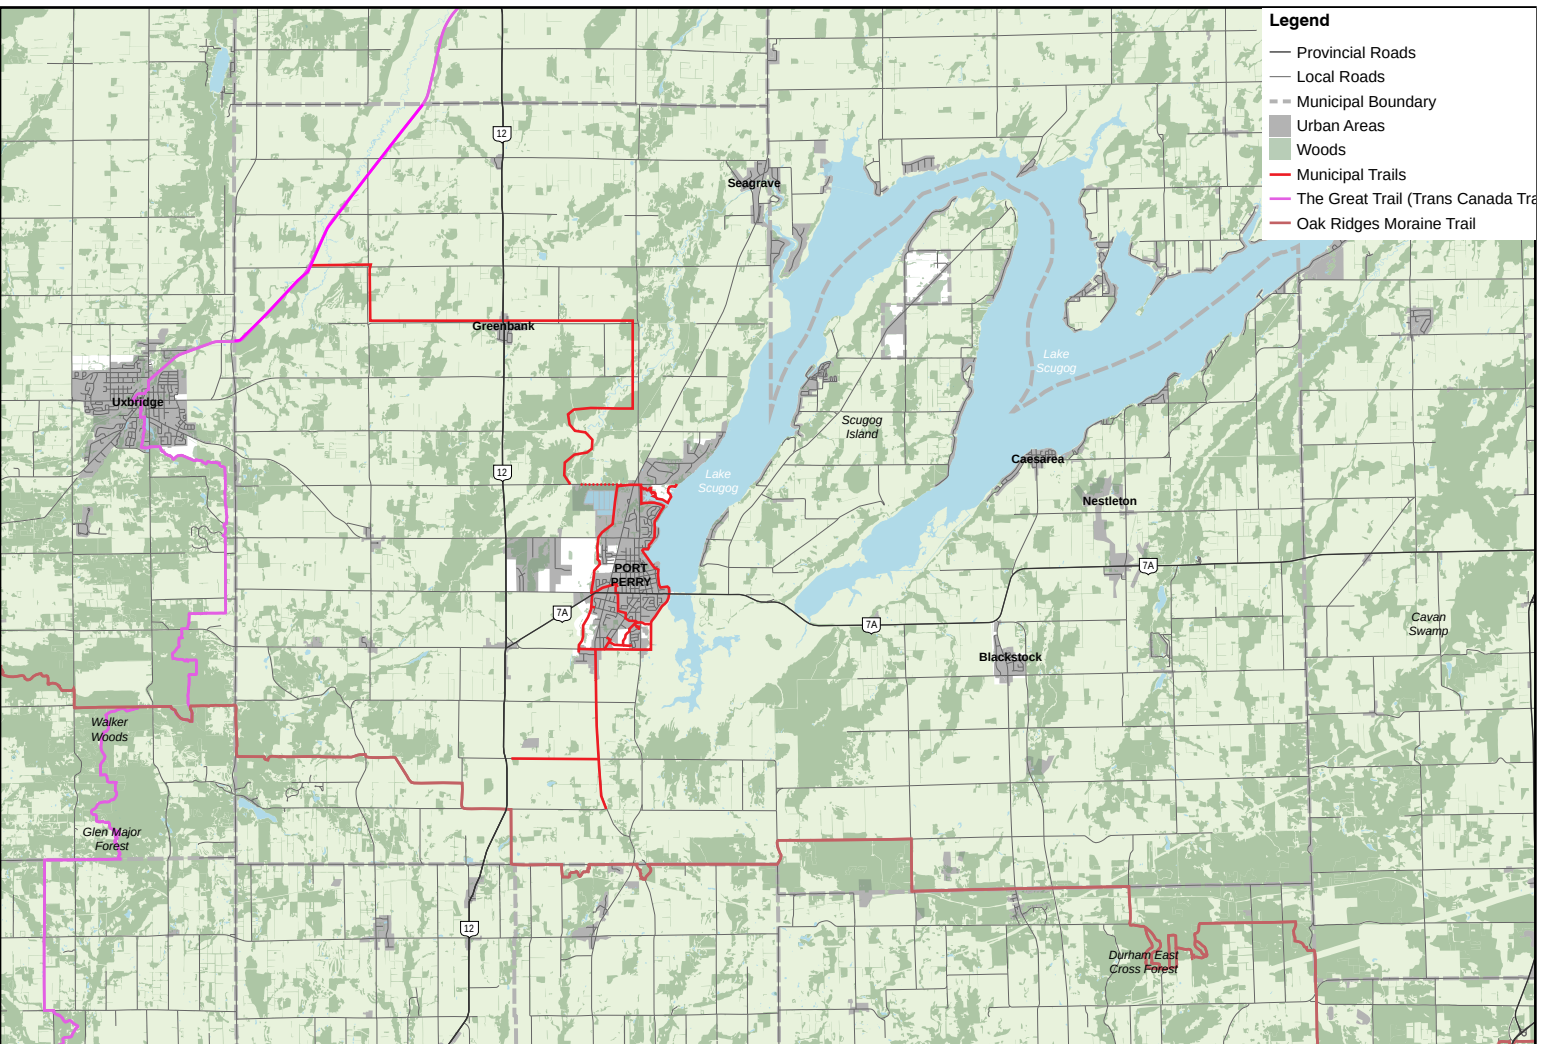

There is no sidewalk on the east side of Water Street between Queen Street and Casimir Street.

Some of What We Heard

- Make the walk from Birdseye to Palmer Park more user friendly
- Ball diamonds and tennis courts impede circulation
- Need ramps and sidewalks for seniors
- More boardwalks
- Need sidewalks especially along Water Street
- Set up battery chargers for electric vehicles
- Better signage
- Cycling lanes on Water Street
- Move some of the parking lots
- Extend trails to the north
- Plan for active transportation so that residents do not have to drive
- No more parking

Pedestrian Trails

Municipal Trails

Municipal trails encircle Port Perry, connecting to the Great Trail northeast of Uxbridge. There is no direct connection to the Oak Ridges Moraine Trail.

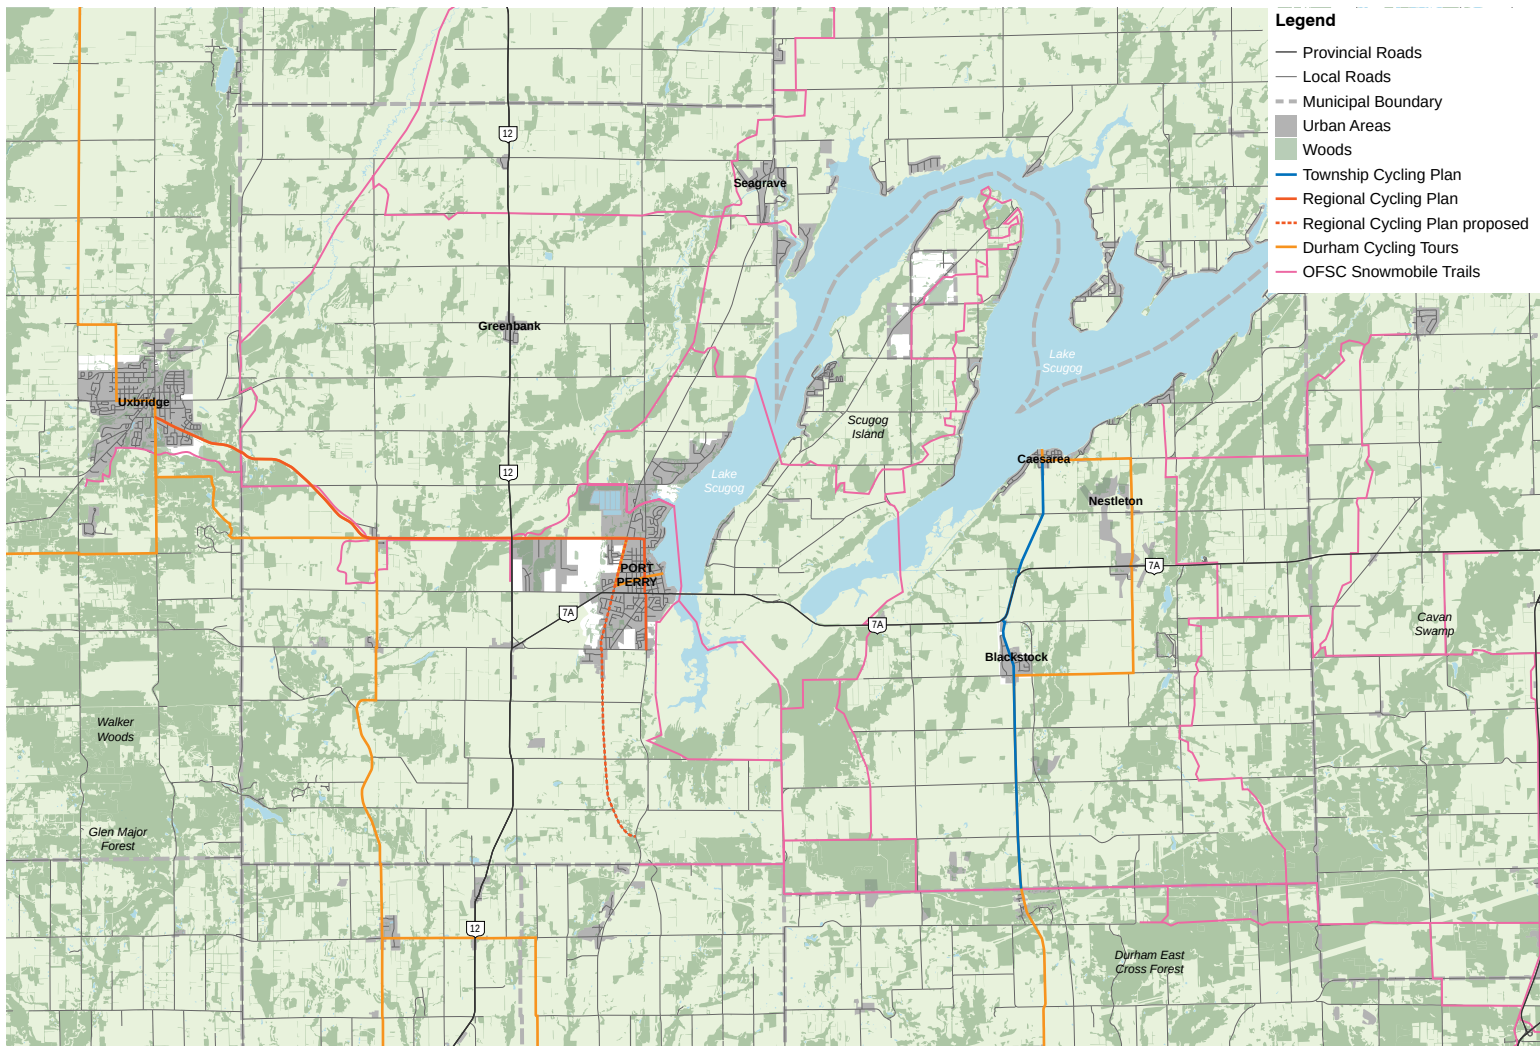

The Great Trail (Trans Canada Trail)

This cross-Canada trail runs north to Uxbridge before angling through the northwest corner of Scugog Township and heading east through Lindsay.

Oak Ridges Moraine Trail

The Oak Ridges Moraine Trail runs east-west through the Greater Toronto Area, passing 5km south of Port Perry.

Cycling & Snowmobiling

Township Cycling Plan

The Township Cycling Plan shows a single route from Caesarea to Blackstock following Old Scugog Road and part of Regional Road 57.

OFSC Snowmobile Trails

The Ontario Federation of Snowmobile Clubs (OFSC) member organizations maintain a large number of snowmobile trails around Port Perry.

Regional Cycling Plan

The Regional Cycling Plan shows a route from Uxbridge to Port Perry following Reach Street (Regional Road 8). The proposed new route follows Old Simcoe Road south out of Port Perry.

Durham Cycle Tours

These cycle tours include on and off-road portions on scenic routes.

Parking

Parking

Downtown Port Perry has a significant amount of public parking spaces, including almost 450 spaces in public lots and on-street parking.

Opportunities/Challenges

Opportunities

- Large amount of surface parking lots means there are significant future development opportunities
- Improve trails and cycling connections
- Complete sidewalks/improve pedestrian environment along waterfront
- Remove some/all of parking from east side of Water Street to expand green space
- Design parking a multi purpose spaces to accommodate events

Challenges

- Conflict between welcoming/pedestrian-focused waterfront and auto-centric activities and events
